Training Workshop

No prerequisites required. Half day workshop.

Social Media, The Workplace And The Law

This workshop is designed in assisting individuals to be more aware when posting on social media to either voice their opinion or “name and shame” a person, place, business, employer etc.

Posts and/or comments can be detrimental and may constitute an invasion of privacy, cyber-bulling and even defamation.

One must remember to think before posting or making comments on social media out of anger; consequences can be detrimental.

COURSE OVERVIEW

- The Law and Social Media
- Case studies

WHO SHOULD ATTEND

- All staff

BENEFITS

Understanding the importance of contemplating prior to posting, commenting etc. on social media.
Understanding the importance of not disclosing confidential information on social media.

ASSESSMENT

- A full colour manual
- Templates for the required sections
- Relevant assessment of competence
